

# MONETA Money Bank donated office furniture and IT equipment worth almost CZK 700,000 to non-profit organizations

Prague, 24 October 2023

**A total of 46 pieces of discarded office furniture and 40 pieces of computer equipment were donated by MONETA to charitable causes as part of this year's third round of the MON HELP initiative. This is the second year of the project, in which the bank distributes discarded furniture once a quarter through contractual partners from non-profit organisations. This year, it has already donated functional but no longer needed assets worth CZK 2 million in this way.**

The discarded office furniture will be used by selected non-profit organisations to equip their workplaces, which will enable the organisations to expand their services and raise their level. On the other hand, the laptops and all-in-one devices will be used to support and develop outreach services in sheltered housing, care for the elderly and hospice care, or to ensure the necessary administration for doctors and medical staff caring for palliative clients.

*"The donated equipment will also enable the creation of individual care plans for clients in a home for the elderly, as well as, for example, the development of independence for children and clients in sheltered housing,"* said Zuzana Filipová, Director of Sustainability and Communication of the MONETA Group, adding that the total value of the donated furniture and equipment amounts to CZK 695,865.

The bank launched the MON HELP project in January 2022 together with three contractual partners from non-profit organisations: the Forum of Mobile Hospices, Diakonia ČČE and SOS Children's Villages. During the last year, the bank donated assets worth a total of CZK 17.26 million in this way, for which it was awarded the title of Responsible Bank of 2022 in the prestigious Mastercard Bank of the Year competition.
