

## PRESS RELEASE

# MONETA Maintains Savings Account Interest Rate at 5.1 Percent Per Year

Prague, March 22, 2024

Despite the recent reduction in the base interest rate by the Czech National Bank, MONETA has decided not to change the interest rates on new or existing savings accounts. The bank will continue to offer an interest rate of 5.1% per annum on balances up to 1 million CZK. The guarantee for this interest rate has been extended by one month, until May 1 of this year.

*"Following the regulator's decision on Thursday to further lower the base interest rate, we decided to extend the opportunity for our clients to benefit from attractive interest on their funds. It remains the case that no conditions need to be met to receive the maximum interest rate on balances up to one million,"* confirmed Artur Galstyan, Senior Manager of Deposit Products at MONETA Money Bank.

MONETA is thus extending the current interest rate level for another month. The last time it changed this rate was at the end of February when it set the new rate of 5.1% per annum, guaranteed until March 31 of this year.
